Trade Center Gets Serious Consideration

NORTH MIAMI BEACH—The recently-created Inter-American Center Authority met August 10 in Miami to continue groundwork on the proposed \$100,000,000 Inter-American Cultural and Trade Center for this area. The first meeting was held in Tallahassee to discuss the application to the Reconstruction Finance Corporation to raise \$35,000,000 loan. Dr. R. H. Walker of Miami was elected standing chairman of the authority. Governor Warren serves as ex-officio chairman and presided at the organization meeting. The authority was created by the 1951 legislature.

Dr. Walter Beam of Miami was named director, and Walter Keyes, director of Florida Improvement Commission, was elected secretary-treasurer. Other authority members attending the Tallahassee meeting were Oscar Dooley and Charles C. Blake of Miami; Mayor Hayden Burns, Jacksonville; Ralph Nicholson, St. Petersburg; and Frank M. Taylor, Tampa. Three other authority members, Admiral C. P. Masson, Edward Ball, and S. Kendrick Guernsey were unable to attend the meeting.

Sitting in on the conference in an advisory capacity were: C. M. Gay, Secretary; State R. A. Gray, Attorney; General Richard W. Ervin, and Road Department Chairman Al McKethan.

Much Better Service From Hotel Body

JACKSONVILLE—Service of the reorganized Florida Hotel and Restaurant Commission to the state and the industries it serves should mark marked improvement over the old State Hotel Commission.

Reorganized for the first time in 33 years by legislative action, not only was the name of the commission changed but provisions were made for a strong advisory council to consult with the state agency and advise the needs and wishes of the industry, and in general work toward closer co-operation between the commission and industry.

Named on this advisory council were Sterling Bottoms, St. Petersburg, president of the Florida Hotel Association; Vic Wilcoxan of Vero Beach, president of the Florida Restaurant Association; M. E. Weimer of New Smyrna Beach, president of the Florida Motor Court Association; Peter Stein, Jr., of St. Petersburg, president of the Florida Apartment House Association, and former Governor Doyle Carlton, president of the Florida State Chamber of Commerce.

James T. Landon remains as State Commissioner and W. A. Weatherford continues as his chief deputy.

The annual fall meeting and clinic of the Florida Publicity and Public Relations Association will be held at Gainesville, October 25-26-27.

The average Florida car consumes about 8,000 gallons of gasoline in its lifetime and, at present rates, its owner will pay the state and federal government about \$675 in taxes on that gasoline.

News Notes From State Capital

TALLAHASSEE—Financing of bridge across Lower Tampa got the green light from the Interim Credit Restriction Committee (antiflation) and Chairman Alfred A. McKethan of the state road department announced bids for the purchase of \$21,250,000 in bonds for the project will be received in the near future. The bridge will be self-liquidating, and will be built and operated by the state road department, to connect St. Petersburg and Bradenton across a water gap now served by ferry.

TALLAHASSEE—A civil defense agreement between Florida and six other Southern states is being worked out, and will be ready for signatures of responsible state officials within two months, says Ralph Odum, assistant attorney general. The pact will set up an agreement among the states for mutual help in case of enemy attack, and will standardize procedure and equipment. Other states ready to join are Georgia, the Carolinas, Virginia, Tennessee and Alabama.

TALLAHASSEE—A freight rate expert and transportation counsel who turned robber has been paroled, "a broken old man" at the age of 58 Chairman Joe Cheney of the Florida Parole Commission said that Michael C. Jones is free on parole from life sentence in 1935 for armed robbery in Tampa. He will be employed in a book-keeping job.

TALLAHASSEE—Twenty thousand Florida school teachers will start back to work again this week, many minus the promised cost-of-living pay raise, but all ready to spend a month getting ready for the nine month teaching stint ahead. At the same time, Governor Warren, Comptroller, Gay and School Superintendent Bailey are conferring on possibilities for added pay for the teachers. Nearly 500,000 students are expected to register on opening day, which will begin September 3 in a few coun-

ties, September 4 for most.

TALLAHASSEE—A long range verbal sparring match between State Representative George Okell and Governor Warren seems to have simmered out in the summer heat. It started with the representative questioning the part the governor played in clamping down on Florida gambling. The report from Governor Warren brought statements from Okell then which referred to his coolly received impeachment petition in the last legislature, to an exchange about the circuit judgeship awarded last week to J. Fritz Doyle of Miami, and finally a sputtering out like the last of a Roman candle.

TALLAHASSEE—Attorney General Richard W. Ervin this week gave his opinion on the following general subjects:

PRISONERS—State prisoner even if he is a good cook, cannot be compelled to work more than 60 hours per week.

BINGO—Hotel bingo where hotel gives prizes is lottery and illegal.

CABS—Vehicles owned by individuals but managed by a company may not be insured for liability as though they all belonged to the same owner.

HOTEL—Holder of hotel license may not operate contrary to city ordinance.

LOYALTY—All candidates for public office must take loyalty oath.

COUNTY—Commissioners must re-define boundaries of county commission when population shifts.

PENSION—Widow of fireman is entitled to full pension so long as funds are available.

PAY—Where only eight of 10-member medical examiner board is in office, they may not divide up available pay for ten.

VETERANS—Disabled veterans are exempt from state and county outdoor advertising license fees in one county.

CHILDREN—Those seeking aid for dependent child must ex-

This Week's Paper Produced By Magic While We Vacation

A few important news items may be missing from this week's issue because we are on vacation and this issue is being produced by remote control—whatever that is.

If a few deserving stories are missing, think nothing of it, just think of the thousands of stories we have printed for you and your friends during the past 12 months.

We are supposedly resting under the shade of a big tree at our favorite fishing spot. Luck? We will record that later.

Cattle Marts Have Brisk Sales Week

WINTER HAVEN—Florida Livestock producers received \$165,589 for cattle and hogs sold at 16 sales centers throughout the state during the past week, according to figures received in the office of William L. Wilson, Director of Florida State Markets, with 9 cooperating markets committing gross cash payment for animals handled. Cattle sales totaled 5,305 head, 3,058 hogs, 6 horses, 3 goats were sold. The total includes figures supplied by 4 state operated markets and twelve independent sales centers.

Summaries of reports from the cooperating markets are as follows:

Arcadia State Livestock Market, Aug. 8, 445 cattle, 11 hogs, 1 horse.

Belle Glade, Glades Livestock Market Assn. Aug. 6, 298 cattle, \$42,213.93.

DeFuniak Spring, Walton County State Livestock Market, Aug. 9, 45 cattle, 161 hogs, \$6,153.04.

Gainesville Livestock Market, Aug. 9, 774 cattle, 449 hogs.

Gainesville, Farmers Produce & Livestock Market, Aug. 10, 96 cattle, 633 hogs.

Jay State Livestock Market, Aug. 10, 131 cattle, 387 hogs, \$19,381.05.

Monticello Stock Yards, Aug. 6, 210 cattle, 355 hogs, \$28,358.02.

Orlando, Orange County Livestock Auction Market, Aug. 9, 315 cattle, 83 hogs, 3 goats.

Okeechobee Livestock Market, Aug. 5, 295 cattle, 2 hogs.

Palatka, East Palatka State Livestock Market, Aug. 3, 331 cattle, 129 hogs \$23,932.24.

Wauchula, Hardee County Livestock Auction Market, Aug. 9, 949 cattle, 73 hogs.

Webster, Sumter County Farmers' Market, Inc., 135 cattle, 172 hogs, \$14,893.95.

TEACHERS AVERAGE \$88 MONTHLY RAISE

TALLAHASSEE—The average salary for Florida schoolteachers and supervisors in the coming school year will be \$85 higher than last year.

But the state department of education said they need at least \$300 to cover the ballooning cost of living.

The average Florida teacher will earn \$3,083 in the next school year. Figured on a weekly basis, 52 weeks a year, that amounts to \$59.28 a week.

"In the event this \$85 increase appears sizeable," the department said, "it would be remembered that it is a yearly average increase and that \$300 a year increase is considered necessary to keep well-qualified instructors in the teaching profession."

Big, isn't she?

Twenty-seven thousand, one hundred tons of fighting steel! But this aircraft carrier is only a lightweight compared to some of the towering dreadnaughts that make the U. S. Navy the mightiest in the world. Your navy is in there slugging every minute, doing its job to defend you and all of the things you hold dear.

But remember, defense is your job, too! And one of the best ways to do your job is to buy U. S. Defense* Bonds. You'll be helping your country and at the same time you'll be making the soundest investment on earth today. For U. S. Defense Bonds are as safe as America!

* * *

**THE U. S. DEFENSE BONDS
YOU BUY GIVE YOU PERSONAL
FINANCIAL INDEPENDENCE**

Remember that when you're buying Defense Bonds you're building a personal reserve of cash savings. Money that will some day buy you a house, or educate your children, or support you when you retire. Remember, too, that if you don't save regularly, you don't save at all.

So go to your company's pay office—now—and sign up for regular Defense Bond purchases through the Payroll Savings Plan. In this plan, you may save as little as \$1.25—or as much as you want—each week. If you can save just \$7.50 weekly, in ten years you'll have bonds worth \$4,329.62 cash! You'll be helping protect America—and helping your dreams come true.

Florida's growing telephone lines...

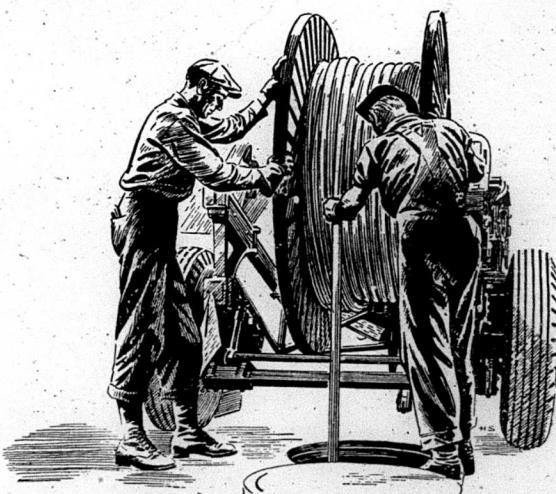

LIFE-LINES OF FLORIDA PROGRESS!

Fast-growing Florida depends more and more on the telephone. Its economic and social life are geared to it. Last year Floridians made almost 900 million local calls.

Today Floridians can call *more than 2 1/2 times* as many local telephones as they could ten years ago and the service is better. Yet the overall price of telephone service has gone up *less than one-fourth as much as prices in general*.

The demand for more and more telephones continues, and Southern Bell hopes to build during 1951 *nearly \$22 million* of new facilities to provide the expansion and improvement of telephone service that is so essential to Florida's progress, and to national defense.—*Southern Bell Telephone and Telegraph Company*.

Christian Science Group Of Canal Point

Man's immunity to evil and his increased capabilities as he understands God as the only Mind and divine intelligence of the universe, will be dealt with in next Sunday's services in all Christian Science churches. Subject of the Lesson Sermon is "MIND."

The Golden Text is from II Timothy (1: 7): "God hath not given us the spirit of fear; but of power and of love, and of a sound mind."

Paul's exhortation to the Philippians is included in the Bible selections: "Let this mind be in

you, which was also in Christ Jesus" (Phil. 2: 5).

Correlative readings from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include this statement: "Having no other gods, turning to no other but the one perfect Mind to guide him, man is the likeness of God pure and eternal, having that Mind which was also in Christ" (p. 467).

18,999 DAIRY COWS ARE ARTIFICIALLY BRED

GAINESVILLE — 18,999 dairy cows were artificially bred in Florida during 1960, and 25,000 are enrolled for breeding during the current year, according to Extension Dairymen C. L. Reaves.

Thirteen cooperating associations and three unorganized local groups form the artificial breeding program in Florida. One of them—the Orange County group—embraces half the dairy cattle in the county, and unusually large percentage, Reaves said.

Come to Church

The churches of the Everglades extend a warm welcome to every person to attend church on Sunday. You'll get a deep satisfaction out of attending the church of your choice. You'll personally enjoy the wonderful messages of faith which are in store for you during this good year ahead. Today, make a resolution that one hour out of the week's 168 will be devoted to church services. Can you do less? Watch the columns of The Everglades News for church announcements weekly. The Lake Region is blessed with a group of fine churches. Your attendance will make the work of these churches more successful.

Defense is your job, too!

Reflecting brilliant factory lights like a myriad glimmering stars, these masterpieces of American industrial design are in reality plastic plane noses awaiting inspection. They will play an important part in America's preparedness program; they are the tools of the U. S. Air Force in its job of defending you.

Defense is your job, too. And one of the best ways you can carry out your part is by making your family and your country economically strong. Buy United States Defense* Bonds now and buy them regularly. Go to the pay office where you work and sign up for the Payroll Savings Plan, or join the Bond-A-Month Plan where you bank. Do it today!

★ ★ ★

The U. S. Defense Bonds you buy give you personal financial independence

Remember that when you're buying Defense Bonds you're building a personal reserve of cash savings. Money that will some day buy you a house, or educate your children, or support you when you retire. Remember, too, that if you don't save regularly, you don't save at all.

So go to your company's pay office—now—and sign up for regular Defense Bond purchases through the Payroll Savings Plan. In this plan, you may save as little as \$1.25—or as much as you want—each week. If you can save just \$7.50 weekly, in ten years you'll have bonds worth \$4,329.02 cash! You'll be helping protect America—and helping your dreams come true.

"Broadway Lullaby" brought to mind the old days of show business when we were trouping with "Tab" shows in Kansas, Missouri, Oklahoma and Texas, on what was known then as the Barbour Circuit. These shows consisted of approximately fifteen people, which were: 2 comedians, leading lady, leading man, soubrette, character man and character woman and eight girls in line, known as the

chorous. These "Tab" shows were guaranteed a flat \$1,800.00 for a seven day run in each theatre. Those were the lush days of oil in the above states and theatres were packing them in. The tab shows did two shows each day, four on Saturday and four on Sunday. The Saturday and Sunday shows were cut from 60 minutes to 30 and 40 minutes in order to unload the house and get those standing in line for the next show. The comics of those days were really very versatile people and they had to be funny. Many of these comedians graduated from the tab circuits to Broadway musicals. Chorus girls had to be very versatile also. They had to be able to sing, play a bit if necessary, do tap, "buck and wing," ballet, ball-room and the very latest dances. Tab show chorus girls were paid \$25 per week average, comics \$50 to \$75, the same for leading men and women and the character people drew an average of \$50. One of the comics was usually the producer, putting on the "Bills," which meant he carried a trunk load of scripts and directed the shows. This man usually owned the show or was a manager and he got more money than the rest. One of the chorus girls put on the numbers or put the dance steps to the song and directed the chorus. The manager usually hired a chorus girl with a mother who would be known as the wardrobe mistress and her job was to make wardrobe, keep the girls dresses etc., in good condition and supervise the dressing

and the packing on Saturday night when the show moved on to the next date. Shows of those days traveled by rail and very few troupers had their own cars. Some of these chorus girls married wealthy oilmen and settled down to a life of ease and luxury. When Indians became rich in oil in Oklahoma many of them were married to chorus girls. Some of these Indians were promoted by showmen to owners of musical shows. Some made good, others dropped a pile of money and quit when the novelty wore off. Yes, I recall those days and I must say they were the best days of show business, filled with adventure, romance, lush times and times of poverty, but with it all those were the days when "there was no business like show business!" See you at the movies—Mal.
